# Modular Work Centers

## Document Shelf (D-3032) / Shelf Dividers (D-9033)

CALSTONE INC - 020107

#### **Component Parts:**

- 1 Document Shelf
- 4 Mounting Brackets
- 4 5/16-18 x 2-1/4" Hex Cap Screws
- 4 5/18-18 Hex Nuts
- 4 5/16 Lock Washers

(Inspected by)

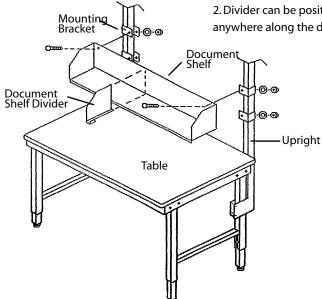

NOTE: If hardware is missing, any 5/16-18 x 2-1/4" or 2-1/2" long bolt, hex nut and lock washer can be used.

#### **Document Shelf Assembly:**

- 1. Place document shelf on table, resting against uprights with mounting holes positioned to the inside of the uprights, as shown.
- 2. Slide mounting brackets onto uprights with holes on inside of upright, facing centre of table.
- 3. Match holes on document shelf with mounting brackets. Insert 2-1/4" bolt through document shelf and mounting bracket. Position washer on both and tighten loosely with nut supplied. Repeat procedures for other side.
- 4. Slide document shelf and mounting brackets to desired height and tighten securely. If unlevel, loosen one side and adjust to level.

### **Document Shelf Divider Assembly** (Optional):

- 1. Slide formed edge onto the formed edge of the document shelf, as shown.
- 2. Divider can be positioned as required, anywhere along the document shelf.
